

GEIRE TIMBOL

REGISTERED CIVIL ENGINEER

ABOUT ME

As a recent graduate in Civil Engineering with a solid academic foundation, I am eager to apply my knowledge and technical skills to real-world infrastructure projects. I have developed proficiency in industry-standard design tools such as AutoCAD, and STAAD through extensive academic assignments focused on designing and analyzing structural systems. While I am new to the professional world, I am highly motivated, quick to learn, and thrive in team environments. My goal is to gain practical, hands-on experience across all facets of civil engineering from project management and construction to design, analysis, and everything in between while contributing to the success of the projects I am involved in.

📍 Santiago, Lubao, Pampanga

BOARD PASSER OF BATCH NOV 2024
Civil Engineering Licensure Exam 2024

EDUCATION

COLLEGE

Don Honorio Ventura State University
Bachelor of Science in Civil Engineering
Cabambangan, Villa De Bacolor
2020 - 2024

SENIOR HIGH SCHOOL

San Pablo 2nd National High School
General Academic Strand (GAS)
San Pablo 2nd, Lubao, Pampanga
2018 - 2020

JUNIOR HIGH SCHOOL

San Pablo 2nd National High School
San Pablo 2nd, Lubao, Pampanga
2014 - 2018

SKILLS

Professional Skills

- Leadership
- Excellent Oral Communication Skills
- Problem Solving
- Time Management
- Flexibility
- Task Oriented

Technical Skills

- Computer Aided Design
- Computer Literature
- Basics of STAAD PRO.
- Basic AUTOCAD
- Cost Estimate
- Canva User
- Microsoft Office
- Drafting

EXPERIENCE

ON - THE - JOB - TRAINING

Department of Public Works and Highways, Pampanga 2nd District Office
July 2023 - August 2023

CONSTRUCTION SECTION

- Assisted in reviewing and refining blueprints and design documents, ensuring accuracy and adherence to project specifications.
- Supported minor design assignments under the guidance of senior engineers and designers, gaining exposure to various project stages.
- Operated and maintained surveying tools to collect data, recorded precise measurements, and assisted in compiling project reports for client review.
- Participated in project planning discussions, learning the fundamentals of planning, design, and project coordination.

DESIGN AND PLANNING SECTION

Including Surveying

- Assisted in the review and analysis of blueprints, providing support on minor design assignments while learning key design principles under supervision.
- Operated surveying instruments to collect field data, recorded accurate measurements, and contributed to the preparation of detailed project reports.
- Observed and participated in project planning meetings, gaining valuable exposure to the fundamentals of project coordination, design processes, and overall planning strategies.
