Dr. Marlon I. Tayag
Dean of School of Computing
Holy Angel University

Dear Dr. Tayag,

We hope this letter finds you in good health and high spirits.

In our commitment to fostering the holistic development of our students, the School of Computing Student Council is organizing this year's **SoC College Days** on the 7th and 8th of October 2024. In light of this, we kindly request that the students listed in the enclosed letter be excused from their regular duties. Providing them with this time will enable them to prepare adequately, ensuring they can deliver exceptional performances as a result of their dedicated efforts.

Additionally, we are reaching out to request that our participants be **excused from their classes on October 3 and October 5**. This will allow them to fully participate in the **preliminary games of the Sports Fest (Basketball and Volleyball)** and the **Pre-pageant for SoC College Days**. We also ask for leniency with regard to their submission of both synchronous and asynchronous requirements. The students understand that they are responsible for making up any missed activities from their respective classes.

The list of participants is attached to this letter.

We greatly appreciate your time and consideration of this request. Your support in this matter is highly valued by our student body.

Laus Deo Semper.

Respectfully,

Christine Françoise O. Gurango
Councilor for Logistics
