

STEVEN B. TIMBOL

2nd year BSIT(WEBDEV)

Profile

Motivated and detail-oriented Information Technology student at Holy Angel University with a strong foundation in software development, networking, and database management. Eager to apply technical skills in real-world settings and contribute to innovative IT solutions. Proven ability to learn quickly, collaborate in team environments, and adapt to new technologies. Seeking internship or entry-level opportunities to grow professionally and support organizational goals through dedication and technical competence.

✓ Career Objective

Aspiring Web Developer with a passion for building user-friendly, responsive websites and applications. Eager to apply my technical skills and academic knowledge to real-world IT challenges while continuing to grow as a developer and contributor to innovative digital solutions.
