REFLECTION PAPER

After watching the Bible conference (*ANG BIBLE SA NAGBABAGONG PANAHO**N*) it is really help me to understand deeply the bible as a part of generation z and the tagalog version of the bible is just not a regular bible or regular translation of bible it is also a bible where it helps the current generation to connect to the bible. Learning the tagalog version bible really help me during this current time where I really struggle to adjust my learning style and current school.

In my experience and based in the conference. Life can throw any challenges and problems in our lives but with the teaching of the bible we can reflect to it. Bible can be source of our strength and inspiration by reading with heart and open minded. The stories from bible are just the same what we experience during this time and bible help us to resolve our problem with God. Most importantly bible is the way we connect to word of God and God help us and guide us to resolve our difficulties in life

Reading the Pinoy version of the Bible helps me really to connect more to god and to understand the problems can be resolve with god. With the pinoy version it is fun to read because the word that use is easy to understand by my generation. The conference really encourages me to read the bible and with the tagalog version it really helps to understand deeply the bible with the conference it really helped the current generation to understand more the word of god

"HE ACTED IN THEM AND BY THEM..."

To compose the sacred books, God chose certain men who, all the while he employed them in this task, made full use of their own faculties and powers so that, though he acted in them and by them, it was as true authors that they consigned to writing whatever he wanted written, and no more. (106)
